

6 June 1962

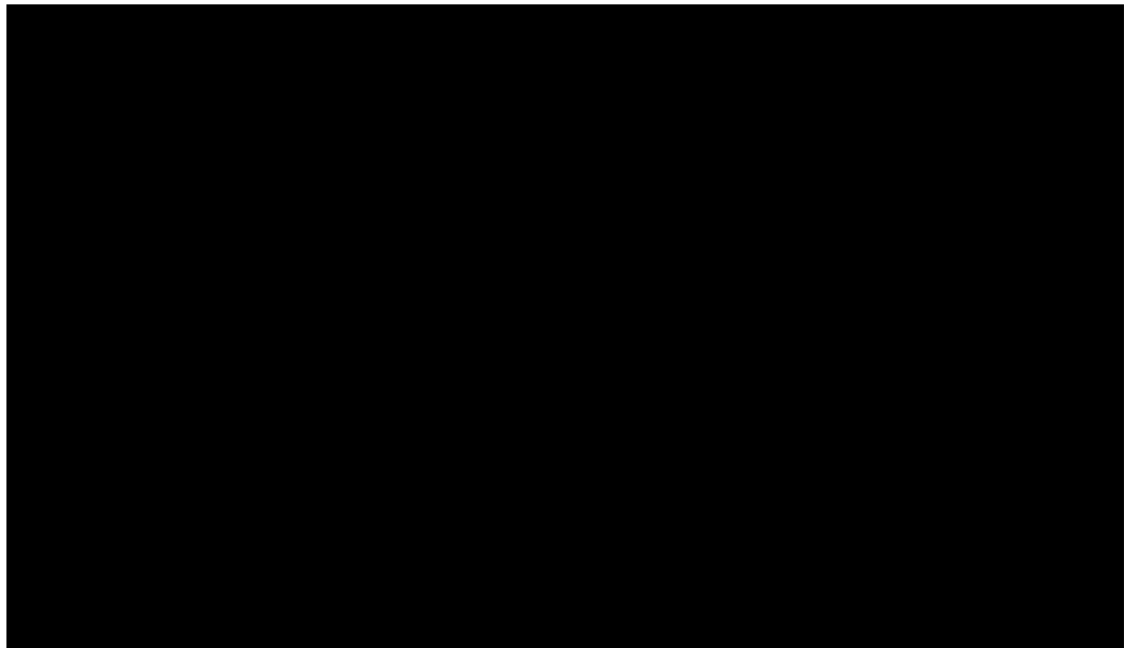

**MEMORANDUM FOR: Deputy Director (Plans)**

**SUBJECT : Transfer of Functions to the  
Deputy Director (Research)**

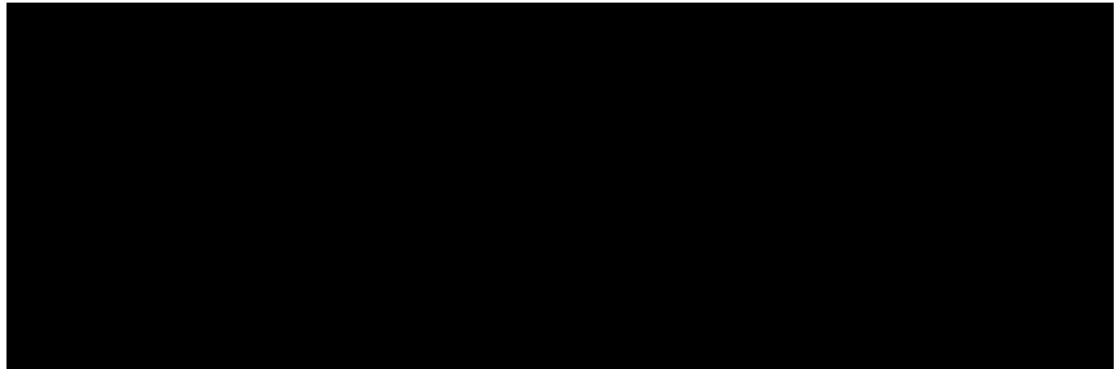

1. Reference is made to the recent draft directive by the Deputy Director of Central Intelligence, setting forth the responsibilities of the Deputy Director (Research). Within the scope of the referenced directive, certain responsibilities appear to be more definitive than others. This memorandum is the first of a series designed to provide an orderly transfer between the Deputy Director (Plans) and Deputy Director (Research) of the appropriate functions. For instance, separate action is currently under way to provide a definitive paper on ELINT responsibilities.

2. This memorandum deals with those projects which are currently being accomplished by DDP/TSD and which are primarily in support of the LD/R mission. The projects are listed below:

25X1A2g

25X1A2g

3. It is obvious that in order for the DD/R to carry out his responsibilities on the above projects, it is appropriate to transfer not only the technical personnel and manpower authorizations but also a pro-rated share of the support functions required, funds, and physical equipment. The DD/R does not intend to change the present modus operandi as pertains to the basic responsibilities for technical and operational support to various Agency projects conducted overseas. All such projects will be under the control of the Station Chief.

4. I would be glad to meet with you, or a designated representative, at the earliest opportunity to draw up a list of specifics in each of the above cases, so that we may proceed with our reorganization.

SIGNED

HERBERT SCOVILLE, Jr.  
Deputy Director  
(Research)

**Distribution:**

- #1&2 - DD/P
- #3 - Executive Director
- #4 - DD/R subj
- #5 - DD/R chrono
